

BIKE PROGRAM

SUMMER 2022

We are cyclists too, that's our passion and that's what makes us different. It helped us when creating a large number of exclusive services, exciting routes, and unique itineraries connected to several different offers. We have been cycling for many years, and that's the reason why we are sure we know what is important to you as a guest and as a cyclist.

Don't miss out on the activities and events we have organized for you for Summer 2022: unique emotions to enjoy on two wheels.

WOULD YOU LIKE TO COME AND CYCLE WITH US?

One of the main goals for road bike enthusiasts is to challenge themselves with iconic climbs like the Stelvio, Gavia, and Mortirolo, the legendary alpine passes that have helped to make the history of cycling.

For the ones who would like to try something new, our bike guide George will show you hidden places and traditional alpine landscapes which are known only to those who live in the mountains with passion.

On Tuesdays, Thursdays and Saturdays we have organized group guided tours with George to discover:

- FORTE DI OGA
- RONCAIOLA
- FUMERO
- MONTE
- VAL GROSINA / EITA

VAN support is available upon reservation, and for an extra fee.

Every night, after dinner, you can ask for more info and details directly to George and Stelvioman in the "Ask George and Stelvioman corner".

We can also organize longer tours with VAN support thanks to our cooperation with Stelvio Experience.

For more info before your arrival, please contact us at info@hotelfunivia.it or by calling +39 0342 903242.
